

HAPPY MOTHER'S DAY

TAH-DAH!

Have fun crafting your Mother's Day Basket.

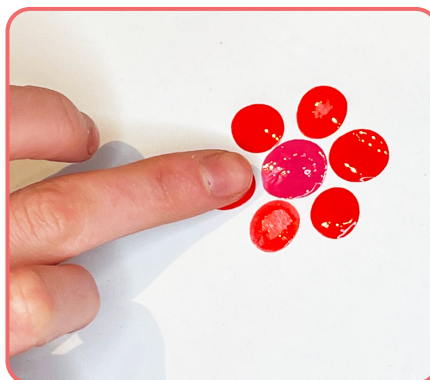

Begin by asking an adult to help you print your colouring sheet and have fun colouring it in.

Then it's time to fill the basket with lovely flowers.

Ways to design your flowers:

- Tissue Paper and Glue Stick
- Paint
- Finger Prints
- Hand Prints
- Real Flower Petals
- Drawing and Colouring
- Felt Paper
- Pipe Cleaners
- Stickers

To finger paint - use your finger tips and dip them into the paint one finger at a time to make flower petals.

Write your Mother's Day message above your flowers in the basket or on the back of the page.
